DEZIGN A DOOR 011 664 7780

**ABOVE:** The home owner's brief was to create a look that was both masculine and tasteful and contemporary. The owner chose Deziign A Door's sophisticated satin Duco in Dusk for the kitchen and scullery cabinetry in this spacious kitchen. The J-grip doors used almost exclusively throughout the kitchen ensure an uncluttered look, which was important to the owner.

**U**rban living perfectly describes this picturesque lifestyle estate in Johannesburg. The owner of this property decided it was time to do a complete overhaul to his four-bedroom home which he shares with his young son. Some standout features of the home include an indoor entertainment area with a built-in braai and a separate fully equipped staff quarter.

The owner opted for a modern, sleek design style with clean lines. This is evident in the trendy black bathroom mixers and accessories. The crisp black accent continues to the light fixtures and dining furniture in the living area. Depth and texture were achieved by using stylish wallpapers and the implementation of glass and metals, which contributes to a renewed element of light and sophistication in the home.

The owner chose to settle in this Moroccan-styled estate for a number of reasons.

It focuses on its clients' needs by better understanding their expectations, always delivered to the highest standards of quality by its efficient and professional team.

He works just outside the estate. He is a keen golfer, and the estate offers a superb course. "Being a fit and active family, my son and I love going to the various parks and the golf course to play some form of sport daily," the owner says.

Catching a ride on a golf cart might even result in residents spotting some wild rabbits. The delight doesn't end. 🏡
